## INFORMATION FROM TARRANT COUNTY ELECTIONS ABOUT NEW HART VOTING SYSTEM

The City of Haslet contracts with Tarrant County Elections to provide election services in Haslet. Tarrant County Elections Administrator Heider Garcia recently provided the following information. "Starting in November 2019 you will vote using the Hart InterCivic Verity Voting System, a hybrid system that provides a paper trail for every voter, combined with the latest advancement in digital security. A Hybrid voting system is one where the voter makes the selection on a digital terminal - a.k.a. DRE machine - but unlike the traditional DRE, these terminals do not record the voter's selections. Instead, those choices are printed on a paper ballot for the voter to review and confirm. Once the voter is satisfied with the contents of the printed ballot, the ballot is inserted into a separate machine - an optical scanner - that counts the ballot and then deposits it in the ballot box. Here are some of the reasons we chose this technology:

**It provides a paper trail.** Voters have the possibility of confirming their selections before they are recorded.

**It is digitally secure.** This system incorporates the latest information security techniques & tools, on both the hardware & software levels.

**It eliminates voter interpretation.** Unlike the old hand-marked ballots, you will never have to wonder again if the scanner read your mark correctly.

**It is accessible.** With this new technology, voters with disabilities have the exact same experience every other voter has.

We are sure you will be as thrilled as we are when you vote in the next election. As always, if you have questions about our voting system or would like to find out more about becoming a poll worker, please call the Elections office at 817-831-VOTE (8683)."

**MORE INFORMATION IS AVAILABLE AT [WWW.TARRANTCOUNTY.COM/EN/ELECTIONS](http://WWW.TARRANTCOUNTY.COM/EN/ELECTIONS)**
